ONE AT LARGE

Charged With Intent To Murder Filed Tuesday

Boyce Long, state highway patrolman, was slapped and kicked out of a car in Canyon Sunday afternoon about 5:30 o'clock by three men whom he had arrested north of town, and whose car he was driving into Canyon. In the sight of several men at Third Avenue, Boyce was thrown from the moving car, and a gun drawn on witnesses as they sought to stop the men. The car hit another auto, driven by Mr. and Mrs. Roy Brunner and Mrs. Hal Brunner of Amarillo, slightly injuring the latter. However, the damage done was not sufficient to check the three men as they drove south on No. 9. Sheriff Bob Barnett and his deputies were called to the scene and the alarm was spread over the Panhandle. One man was picked up in Amarillo and another at Fritch. The third man has not been located.

Canyon Chamber of Commerce to Elect Officers

The annual election of officers for the Canyon Chamber of Commerce will be held on Tuesday night, January 15th. The annual banquet will be held at that time, with plans being made to seat 200 at the College Cafeteria. Several out-of-town guests will be present and will have a place on the program.

A special play is being prepared under the direction of C. Wesley Batchelder which will be presented by the Panhandle Players at the conclusion of the program. The play will be held in the auditorium of the Education building.

The Rotary Club will not hold its weekly luncheon on the 15th, but will join with the Chamber of Commerce in this banquet as a part of the Rotary program.

A nominating committee for officers for the coming year is composed of C. R. Burrow, T. C. Thompson, and Clyde Warwick.

EXTRA CASH OFFER

To Decide Friday For
Plans During the
Coming Year

The December trade campaign which was started by the business and professional firms of Canyon will come to a close Saturday afternoon at 3:00 o'clock with the distribution of cash. The amount will be increased this Saturday owing to the fact that one of the \$10 bills was unclaimed last Saturday.

Those who sponsored the campaign will meet Friday night at 7:30 o'clock at the court house in order to determine whether or not the campaign will be continued throughout the coming year. Those who have entered into this campaign are asked to be present so that plans may be completed, and announcement made to the gathering Saturday afternoon.

The present campaign was started the first week in December with more than sixty business and professional firms participating. Large crowds have assembled each week for the cash distribution, and this has proven to be most attractive to the customers who have been drawn to the stores of the city. Jeff Wallace, Dr. R. P. Jarrett and E. A. Oberst, assisted J. H. Cox, Jr., in the cash distribution Saturday.

Those who profited by the cash distribution last Saturday were: Miss Frances Alice Clark, Miss Thirza Bourland, Mrs. T. B. McCarter, E. W. Wilmoth, Mrs. J. M. (Continued on last page)

Business Firms To Meet Friday For 1935 Plans

Business and professional firms of Canyon who have sponsored the weekly cash distribution plan in Canyon during the past month will meet at the court house Friday night at 7:30 o'clock for the purpose of planning for 1935.

It will be necessary to make financial plans if the campaign is carried forward during the coming year, each month to be worked out on a separate basis, and therefore it will be necessary that every firm in Canyon be represented at this meeting.

Five Boys May Secure Work In The CCC Camps

Applications are being taken at the Relief office for the appointment of five more boys to serve in CCC camps during the next period.

Acceptance of those who wish to enroll will be made at Amarillo on January 7th, according to information received here.

Mr. and Mrs. Lige Frieze spent Christmas in Lubbock with Mrs. Frieze's sister, Mr. and Mrs. Edward F. Pilley.

Rock Will Be Hauled For Present and Future Buildings

The State Relief Commission has approved a working project for the campus of W. T. which will become effective as soon as working orders are received by the local relief office. Travis Shaw took the project to Austin last week, and it was immediately approved.

This project calls for the hauling of rock from the canyon which will be used in the various projects which are contemplated for immediate construction, and those which may be undertaken in the future. The completion of Buffalo Court, and the recreational center is the principal project now under construction, which will require many more loads of rock which will be gotten out and hauled to the campus with relief labor.

As soon as these projects are completed, plans are being made for the erection of a rock wall around the Buffalo athletic park, the erection of a rock Boy Scout hall, Girls Scout hall and a Band House. These projects will call for hundreds of loads of rock which may be secured at various places in the canyon. The use of native rock is being effectively demonstrated in the construction of Buffalo Courts, and will probably lead to the construction of many such buildings on the W. T. campus in years to come.

Highway Works Failed To Get Underway Friday

No orders were received last week from Austin to proceed with the widening of Highway No. 9 through Canyon, consequently this project was not started Friday as

was contemplated. It is expected that orders will be received during this week to start this project. As a result of this delay, all relief workers were continued on the Goodnight Trail over the week end.

Mr. and Mrs. E. J. Bauer and Mr. and Mrs. I. L. Bauer and family were business callers in Canyon Saturday afternoon.

District Judge's Office
Also Will Be

Randall county will have a number of new county officers next Tuesday as the result of changes which will take place at the court house. More changes will be made this year than has taken place for several years among the officers of the county government.

Judge S. B. Orton will be succeeded by Burney Slack as County Judge and Ex-officio School Superintendent.

11,200 Head Cattle Are Bought in County; Monday Last Day

Cattle buying in Randall county will be concluded Monday, stated County Agent W. H. Upchurch. It is therefore necessary that all farmers who have cattle to offer the government see him before then in order that they may be on the list for buying next Monday.

Up to the present time, a total of 11,500 head of cattle have been bought in Randall county. The buying crew will be in Armstrong county Friday and Saturday, but will return to Randall county to finish up Monday, which will be the last day of buying in the drought affected Southwest. Unless severe storms hit this section during January, it is the intention of the government to entirely cease the cattle buying program.

Saved 25 Cents Weekly by Reading Ads In News

"I cannot afford not to take The News and read it carefully each week," stated a prominent citizen of Canyon Monday.

"I saved 25 cents on my grocery buying this week by reading the ads. Saving 25 cents per week amounts to \$13 per year. \$1.00 per year for The News through Bargain Days is a mighty small subscription price, considering what the paper saves me," continued the man.

The Bargain Days will end on December 31st.

From the merchants' standpoint, it should be of interest to them to know that the people subscribe for The News not only to read the latest news of Randall county, but to read the messages from your store. The regular advertiser profits by having these messages read weekly.

PUBLIC WORKS PLAN

Word comes from Washington that in February all direct relief will be stopped, and a huge Public Works plan will be inaugurated. Judging from the slow motion of other governmental functions which have been started, we are inclined to believe that if the government should stop its present relief program, it will be forced back into it within a month, or at least until public projects may be started. Under the present PWA setup it takes months to get a project started.

Another school of thought would have the government get out of all sorts of public work and put relief on the dole plan. This group argues that men will never seek to get back into business and industry so long as the government gives them jobs; that so far, all of the public work jobs started have been flukes, costing more than they were worth.

Let those argue who may, the thing confronting each community is to have ready a list of projects which may be submitted if the government decided to put on this program of public improvements.

The News has some ideas about things which need doing in Randall county.

We would like to see a postoffice building in Canyon.

A public library building will soon be a necessity.

A modern jail has been considered for a long while.

Probably road work will be among the first things asked for by the government. In this instance, there are a number of street projects in Canyon, including the widening of Fourth Avenue; paving

THE GREAT AMERICAN HOME

ing several blocks on Sixth; a loop south from the main entrance to the W. T. administration building, then west on Seventh. A highway southwest to Dimmitt, and one southeast of Wayside have long been realized as important.

When it comes to public improvement on the campus of W. T., a long list of necessary improvements and buildings may be considered.

If the government decides to go into the public construction program, Randall county will have plenty of worthy projects. Governing bodies should consider the possibilities of this sort of program, and be ready to present their claims.

The News trusts that every citizen will seriously think about the public projects which are needed in this country and be ready to do something when the opportunity presents itself.

Most citizens are very sympathetic toward the movement to conserve the natural gas of the Panhandle. It should be done, but the present movement is sponsored by a group who may not have the welfare of all citizens at heart. The present movement starts with the big gas companies who own or lease wells scattered throughout the section. In the past they would not take ratably from the small land owners and the independents operating in the field. But through their wells they were draining the gas which belonged to the other fellows who had no connection. The sour gas bill was passed to try to protect the small

owners, who were losing their gas and getting nothing for it. If the big companies will take the gas from all wells at a fair price, then conservation will be brought about in an orderly manner, and the Panhandle field will be saved for years to come. Both sides of this question have not been accurately presented to the people of the state.

The Senate investigating committee sitting for the purpose of making a study of taxes report to have been shocked at the continued demands from Texans that state appropriations be reduced when none will express an opinion as to how this may be brought about. The trouble is that the people are demanding more and more from their state government; piling up more and more centralized government at Austin, all of which must be paid for by the people of the state. When the people insist that another department be added to the state government, the legislature must increase appropriations and therefore taxes in order to run this department. Before state taxes may be reduced, the government must abolish functions which some citizens believe to be necessary, and which they are demanding. The trouble is that the state has increased its functions to the people much faster than it has been able to increase its taxes.

The question has been asked just how long it takes a pardoned criminal to get back into the penitentiary. Not all pardons are unjust, but too many of them are. The "crime rate" in America is appalling; 12,000 murders, 100,000 assaults, 50,000 robberies, 40,000 homes burglarized—all in the period of 365 days. Is it any wonder that President Roosevelt is taking a firm hand against this thing which costs the government more than all other agencies combined? Yet a lot of sentimentalists weep about the treatment of the criminal.

A high pressure peddler walked into The News office the other day selling a product handled by at least five home firms. He was told

that we buy at home, rather than from street walkers; whereupon a great flow of eloquence about the merit of his goods, direct from the manufacturer to the consumer without the profit of the middle man. Unfortunately for him, we still believe that any product worth anything is offered to retail houses for re-sale; that the local man can come nearer representing a legitimate product than a fly-by-night, who gets a bigger profit than any so-called middle-man ever secures. If you want merchandise of merit, buy from your home merchant.

It is quite evident that the bonus bill will bob up as soon as congress meets. The President has previously expressed opposition to the payment of the bonus at this time, but it is evident during recent days that a modified plan will be endorsed by the President, making the bonus payable late in 1935 instead of in 1945. Payment of the bonus would put more money in each county than most of the other relief agencies which have been started.

Judge A. B. Martin of the Court of Civil Appeals in Amarillo has been offered a place on the Supreme Court commission. He served on the commission of the Court of Criminal Appeals in Austin before being appointed and

subsequently elected to the Civil Appeals of this district. If he accepts the present offer, he will be the only man in history who has been honored by appointment to these three courts. West Texan by heart and training, Judge Martin regrets to leave his friends, should he be induced to accept the appointment. However, the state will have a most capable public servant on the highest court if Judge Martin decides to accept.

Several states have passed laws providing for the sterilization of criminals, insane and feeble minded. Such a bill was laughed out of a session of the Texas legislature six years ago. According to authorities, sterilization is the only means whereby the state's multiplying number of wards may be definitely checked. The number increases several thousand annually, fully 80% through reproduction by those unfit to bring human life into the world.

A great deal has been said and written about professionalism in college and school athletics. Buying athletes because of their playing ability has become too common. High schools are probably as great sinners in this thing as are those colleges which put out superior teams year after year. School athletics lack much of the thrill which should go with it when it is known that the engaging teams are largely professional in nature.

Senator Huey Long strengthened his hold upon Louisiana. The wonder is what manner of personality a man has who can so completely overwhelm the people of a state. That man Huey Long is a wonderful character, whether for good or evil is hard yet to realize.

SEASON'S GREETINGS

J. J. WALKER DRUG STORE

Thanks To Citizens

It is with a feeling of regret that I leave Canyon and the many friends here, to take full charge of my business connections in Amarillo.

During the several years of my residence here, it has been my opportunity to serve Canyon and Randall county in two public capacities. One as your Chamber of Commerce Secretary and in the other capacity, retiring Jan. 1, as Justice of the Peace, to which place I was appointed more than a year ago.

In taking this means I wish to publicly express my appreciation of assistance and cooperation given me in all matters pertaining to the help and betterment of conditions in the community.

During the time I have served in public capacities I have endeavored to make of myself as loyal a citizen to Canyon and Randall county and her interests, as it was humanly possible for me to do.

Because of the warm friendships and acquaintances formed here I shall ever hold a kindly feeling toward Canyon and the splendid citizenship of this county.

To everyone, I wish for you the best in health, happiness, success and prosperity during the year, A. D. 1935.

Merry Christmas to one and all, and Prosperous New Year.

No snow in these parts. Freezing cold early, some clouds.

O. F. Thomas and Clifford Thomas of Grapevine, Texas, Mrs. Edgar Thomas and son, Gary, from Dallas, are visiting their many relatives around Wayside.

Mr. Horne, wife and Carra Wayne left Friday afternoon for Runnels County to spend the holidays.

W. H. Hamblen, wife and four children left Friday to visit Mrs. Ida May Rogers and family in Jones County, and to spend Christmas. A new baby girl is the center of attraction there.

Mrs. Wm. Payne and Doyle of Palsades, Colorado, reached Wayside Sunday afternoon and are visiting the paternal Sluder home, and brothers and sisters.

Christmas entertainment by the primary and intermediate rooms of the school Wednesday was a success. Several boys were unable to take their parts on account of illness with quite a few their first time on the stage, yet all did their parts well, and deserve credit.

Melton McGehee and Miss Othello Lemley of Wayside, left Wednesday, Dec. 20 for Plainview where the planned to be married, then on to visit the paternal Lemley home for a few days south of Ft. Worth.

Miss Higgins left Friday noon for Kress to spend the vacation with home folks.

M. L. McGehee carried hogs to Tulsa last Friday.

Christmas tree Monday night at Wayside auditorium was the admiration of all. George Gillham deserves all the credit of selecting the tree and bringing it out. It was well loaded with many presents, many elegant ones. A large crowd in attendance with a popular Santa Claus. A well arranged program by old and young, nice orderly crowd, an occasion to be long remembered by Waysiders.

Mrs. L. J. McGehee of Canyon is spending some days in Wayside with relatives and friends of old.

George Hancock, wife and Jerry Lane of Pampa, are spending some days in Wayside.

Mrs. Emma Franklin of Canyon and daughter, Mrs. Levy Sevidge Ivanhoe, California, are visiting W. R. Franklin and family.

Miss Margaret Hicks of Canyon is visiting Fannie May Franklin a few days this week.

Roy Franklin, wife and Gloria Jean of Canyon are visiting his mother and family at Wayside.

The infant daughter of Mr. and Mrs. Lem Fisher was very sick Christmas night.

CAVALCADE'S DERBY WIN, CARNERA'S DEFEAT BY BAER, CARDS' SERIES VICTORY, SOME OUTSTANDING EVENTS OF 1934

The past year will be a red-letter one in sports annals because it was in 1934 that baseball's idol, Babe Ruth, made his final bow as an active player. Other important events are indicated above.

BY PHILIP MARTIN

MOST people, including your correspondent, are apt to be retrospective with the passing of an old year. Conforming, therefore, with the time-honored custom of columnists, we give you herewith in their chronological order what we believe are the outstanding sports events of the year just past:

May 5—Cavalcade, that game little winner of big purses, with the veteran Mack Garner in the saddle, climaxed a most successful year by thundering to victory in the 60th edition of the Kentucky Derby, bringing home the bacon in the form of a \$30,000 check to his owner, Mrs. Sloane. Subsequent victories scored by the three-year-old include the Chesapeake, American and Detroit Derbies and the Classic Stakes at Arlington, making him an outstanding money winner in 1934.

June 9—U. S. open golf title won by Olin Dutra.

June 14—Max Baer captured the heavyweight title by knocking out the mountainous Primo Carnera in the 11th round, bringing the crown back to Uncle Sam. Maxie had previously kayeod Max Schmeling, German contender, firmly establishing his right to meet the Italian giant in a championship bout.

July 31—England swept Davis Cup tennis singles against U. S.

Aug. 15—Hambletonian Stake, harness horse classic, won by Lord Jim.

Sept. 12—Fred Perry of England retained U. S. tennis title, defeating Wilmer Allison.

Sept. 15—Chance Sun won \$98,330 Futurity race at Belmont Park.

Sept. 17—Jimmy McLarnin defeated Barney Ross to regain welter title.

Sept. 25—Rainbow beat Endeavour, keeping America's Cup in U. S.

Oct. 6—Virginia Van Wie captured women's national golf title for third time.

Oct. 9—St. Louis Cards beat Detroit Tigers in world series playoff, Dizzy and Daffy Dean holding the spotlight with their comedy and stellar work afield.

Oct. 26—Boston Red Sox bought Joe Cronin from Senators for \$150,000 cash and Shortstop Lyn Lary.

Oct. 31—Phillies sold Dick Bartell to Giants for \$50,000 and four players.

Dec. 3—Alabama selected to meet Stanford in the Rose Bowl game New Year's Day.

Dec. 20—Knute Rockne Memorial trophy presented to Minnesota as 1934's outstanding football team.

It would be hardly appropriate to omit the one event for which 1934 will be remembered sadly by baseball fans for years to come. That was the passing of Babe Ruth from active play on the diamond. Melancholy over the fade-out of the former home-run king and baseball's greatest idol, fans eagerly await news of his next job. What will 1935 bring the Bambino?

I Buy At Home

Because my interests are here.
Because the community good enough for me to live in is good enough to buy in.
Because I believe in transacting business with my friends.
Because I want to see the merchandise.
Because I want to get what I want when I pay for it.
Because every dollar I spend at home works for the community in which I live.
Because the man I buy from stands back of the goods.
Because here I live and here I hope to die.
Because the man I buy from pays his part of town, county and state taxes.
Because the man I buy from helps support my school, my lodge, my church, my home.
Because when ill luck, misfortune or bereavement come, the man I buy from is here with his kindly greeting, his pocket-book, if need be.

As Troops Faced Lynch Mob

Two men were killed and a number injured at Shelbyville, Tenn., when guardsmen resorted to guns, bayonets, and gas to repulse a mob of 500 bent on lynching a colored man for assaulting a white girl. Soldiers are shown above facing the infuriated mob. Inset, right, is E. K. Harris, assault suspect, who was spirited away from his would-be executioners by the troops. Below, a passerby gazes at the body of Raleigh Edwards, slain in the melee. The fabled mobsters later vented their passion by burning the courthouse.

At this happy season of good will it is a pleasure to express to you our appreciation of the business you have entrusted to us.

More than anything else we value the personal friendships it has been our privilege to enjoy, and which today seems to have become a very necessary part of our business.

It has been said that there is no sentiment in business—but to us there is a sentiment—something very human in business—at least in our business.

The words for cheer and kindness along with the words of friendly criticism which you have spoken, have helped us to attain whatever success has been ours through our years in business.

As you turn the calendar leaves of 1935, may you find each day brighter and more fruitful of good. That is our wish for those who have been loyal to us in the year just closing.

Check Tax to End December 31st as Very Great Saving

Beginning on the first of January there will be no more 2 cent tax on checks unless the coming session of congress re-enacts the law.

From a local standpoint, this law is costing the people of Canyon about \$400 per month, as the banks have been forced to collect 2 cents on each check drawn.

The revenue from the check tax has amounted to approximately \$45,000,000 annually on the 2,250,000,000 checks which have been written in the nation.

Bankers have opposed the re-enactment of this law, although there has been considerable demand on the part of national officials to continue the check tax law for another two years.

1934 Produces Its Quota of Outstanding News Stories

1934 brought forth a number of outstanding news events which have attracted the attention of America's reading public in an exceptional manner. At the close of each year, news writers list those outstanding events in accordance to their importance, and the interest which they create upon the public.

The Associated Press has listed the 1934 events according to the importance they have with the reading public as follows:

1—Bruno Richard Hauptmann. His arrest in the Lindbergh case provided sensational surprise denouement in most famous kidnapping.

2—King Alexander of Yugoslavia. Met death at assassin's hands because he failed to wear his bullet proof vest.

3—Adolf Hitler. Consolidated his power in Germany through nazi blood purge.

4—John Dillinger. Crime career of America's "No. 1 badman" ended by government operatives who didn't use wooden guns.

5—Chancellor Dollfuss of Austria. "Dollfuss has resigned" said a strange voice on the Austrian radio; it proved to be Death speaking.

6—The Dionne quintuplets. Five babies were born obscurely and five survived and thrived.

7—The Morro Castle. Another chapter in the age-old tragedy of men who go down to the sea in ships.

8—Democratic off-year victory. Republican party went down under avalanche of votes.

9—San Francisco general strike. A million people learned what it meant to shift for themselves.

10—Samuel Insull. "Not guilty," said jury, which tried dethroned utility czar, home after chase half around the world.

Other outstanding stories: Death of Albert, King of the Belgians, London-Melbourne air derby; death of President von Hindenburg; Dizzy, Daffy Deans provide thrills in world series; General Johnson steps down from NRA; revaluation of dollar; great American drought; June Robles and other kidnappings; airmail contracts cancelled; Paris riots; Stavisky scandal in France; John Jacob Astor wedding; Babe Ruth plays last year of baseball; Pecos miners threaten mass death for pay increase; Mrs. Gloria Morgan Vanderbilt fights for custody of daughter; bandits get half million in Brooklyn armored car hold up.

1933's Outstanding Stories

1—Roosevelt's recovery program.

2—Hitler's rise to power in Germany.

3—Repeal of the Eighteenth Amendment.

4—Recognition of the U. S. S. R.

5—America bank holiday.

6—Attempted assassination of President-elect Roosevelt and mortal wounding of Mayor Cermak.

7—Akron disaster.

8—California earthquake.

9—War on kidnappings.

10—Death of former President Coolidge.

Two years ago the Lindbergh case was the No. 1 story of the year. Today it is still unsolved in some particulars and the nation daily watches for new develop-

ments. But Bruno Hauptmann is in jail. Big-time crime has been dealt a terrific blow by the department of justice, whose activities constitute a bright page in the diary of the new deal.

Deep-seated economic, social, and political trends are painfully working their way toward the surface. This explains why 1934 was the greatest news year since the world war and one of the most significant in American history. This explains the labor unrest, the unwillingness of business men to risk new ventures in the face of governmental uncertainty, the breakdown of peace pacts, the recognition of Russia, the defiant attitude of Japan, the falling of U. S. exports, the rise of dictatorships.

And, strangely enough, the far-reaching crop control plans reached full development in the midst of one of the greatest droughts in American history.

Umbarger Items

The box supper and program given by the Umbarger school children was well attended and enjoyed by all.

Everybody of this community enjoyed the Christmas tree Sunday, given by the Ladies of the Altar Society. The Grandmother's flower garden quilt was given away.

Mrs. E. J. Friemel and son Ernest were callers in Amarillo Wednesday.

A number of Umbarger folks attended the programs given at the Wilson and Dawn schools.

Irene Artho spent Sunday with Anne Hollenstein.

Mr. and Mrs. Ernie Hollenstein, Mr. and Mrs. Clark Ash, George Frank and son Ernest, Mrs. Catherine Sibley and daughter Gene, were dinner guests at the parental Mr. and Mrs. George Frank, Sr., home.

The Umbarger 4-H Club girls enjoyed the party given at the home of Mr. and Mrs. Clarence Beckman Friday. Refreshments were served, games played, songs were sang and presents were exchanged.

The time has come to remove the profits from war, says Roosevelt. Maybe it would help a lot to remove the war prophets.

This'd be a better world if the motto of all were "service" instead of "serve us."

Gas Tax Evaders Prosecuted Cases of Free Gasoline

Gasoline racketeers in the boundary counties, who haul motor fuel into Texas by night from Oklahoma, Louisiana or New Mexico and pay no tax on it to Texas highways or schools, are marked for extermination by Comptroller George H. Sheppard.

"First blood" in his enforcement drive was drawn recently at Perryton where a motor fuel dealer, was convicted of selling tax-free gasoline, hauled from Oklahoma under cover of darkness, to farmers for six cents a gallon. The dealer was fined the minimum of \$100, and two other charges against him still are pending in district court.

Since this test-case was finished, numerous other boundary dealers have remitted voluntarily the state's four cents per gallon tax on gasoline bought under similar circumstances. One check covered taxes due on more than 1,700 gallons of gasoline.

The comptroller said Oklahoma tax authorities are giving full cooperation in the campaign, providing documents and witnesses.

Meanwhile the enforcement staff of some 70 persons is "bearing down" against other types of violators. Mr. Sheppard said, and has been responsible for 18 court actions in widely scattered sections.

WANTED MORE

The cannibal chief wanted to learn more about religion.

"You see," he said to the new arrival, "I got a little taste of it when the last missionary was here."

Mrs. Smith: When you have a quarrel with your husband do you threaten to go home to your mother?

Mrs. Jones: No, indeed, I threaten to have mother come here.

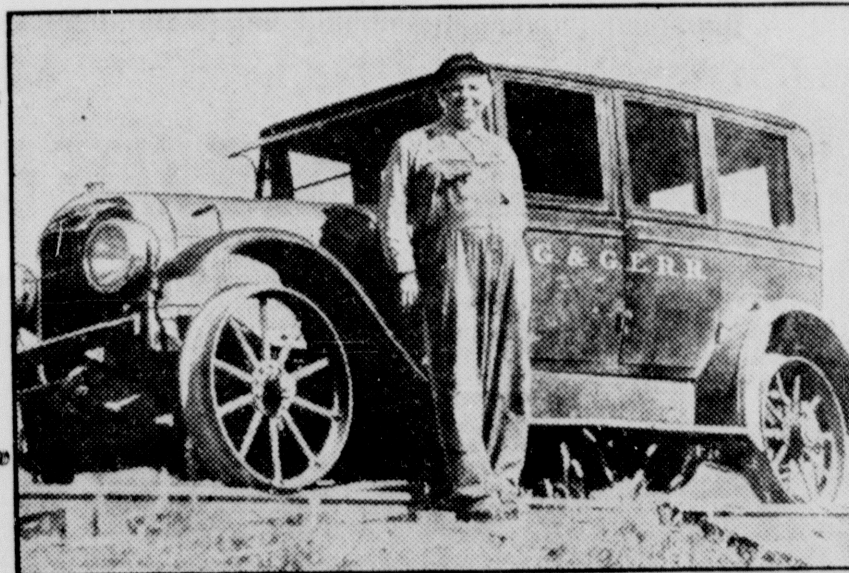

St. Peter (to applicant): "Where are you from?"

Applicant: "From California."

St. Peter: "Come on up, but I don't think you'll like it."

It's a blow to lose a good job, but the only real calamity is to lose hope.

The Great G. & G. E. Railroad

The entire rolling stock of the Galesburg and Great Eastern Railroad is shown just behind the man with the overalls. He is Chris N. Hoeg, who does everything from running the "train" to keeping books. The road, a 10-mile one operating in Knox county, Ill., is said to be the world's smallest.

Centennial Coins Sold Saturday at Auction by Legion

The first two Texas Centennial coins received here were sold Saturday afternoon at public auction. The American Legion was in charge of the sale, which was conducted by Col. J. W. McCreary.

Prof. S. H. Condron made a short talk in which he explained the meaning of the Centennial, and the object of the Legion in raising funds to erect a state museum at Austin. The only state museum now in Texas is the one on the campus of W. T., which is regional in nature. A vast amount of material has been assembled at the University of Texas through the efforts of J. Evetts Haley, but the university has no building in which to house it.

The coins were sold to C. H. Jar-

OUR BEST WISHES

Although the past year has not yielded an abundance of prosperity, it has taught us that there are values which contribute more or at least as much to our happiness and well-being as financial abundance. The experiences of this past year have made us more charitable toward our brothers; they have given us more appreciation of each other's efforts, and they have made us more co-operative with each other. Indeed some of us are learning that riches is not the greatest thing in the world.

With these lessons embedded in the souls of all of us, we have the foundation for greater achievements as a people than ever before. May the lessons that you individually have learned, yield abundant returns in the way of harmonious, happy living during the year 1935.

That plaintiff has been a bona-fide inhabitant of the State of Texas for one year and a bona-fide inhabitant of Randall County, Texas, for six months next preceding the filing of her petition herein; that plaintiff and defendant were married about the 29th day of August 1927, and lived together until about the 24th day of March 1931, when without provocation the defendant left and permanently abandoned plaintiff since which time they have not lived together as husband and wife. Plaintiff alleges that during the time she and defendant lived together as husband and wife she was kind and affectionate, furnishing him a home most of the time with her parents, but defendant refused to provide for her and support her, and she was forced to go away for weeks at a time, would not work and earn a living for her, but forced her to live with her parents who practically supported both of them. That on the day and date aforesaid while she was in the hospital at Amarillo he left her and permanently abandoned her, that she had not lived with him, nor heard from him since. That there was born to plaintiff and defendant one child, a girl, Edith Joe Beckett, who is about four and one half years old, and plaintiff is able and willing to have the care and custody of said minor child; that plaintiff and defendant as husband and wife would be insupportable. Plaintiff prays for a decree of absolute divorce and custody of the minor child, Edith Joe Beckett.

Herein fail not, but have before said Court, at its aforesaid next regular term, this writ with your return thereon, showing how you have executed the same.

Given under my hand and the Seal of said Court, at office in Canyon, Texas, this 6th day of December, A. D. 1934.

Thirty-first: A trustee's deed from Albert L. Randall, trustee to S. J. Hott, dated July 5, 1932 and recorded in Volume 67, Page 66 of the deed records of Randall County, Texas.

Plaintiff further alleges that some question has arisen as to the validity of sale of said property by the substitute trustee and the deed executed by Albert L. Randall, substitute trustee to S. J. Hott, which said deed is dated July 5, 1932 and recorded in Volume 67, Page 66 of the deed records of Randall County, Texas, by reason of some irregularity regarding the posting of the notices of said sale, and the irregularities connected with said sale. Plaintiff says that said sale was regularly made at the court house door of Randall County, Texas, in strict compliance with all of the terms of the deed of trust under which same was made after notice had been given as required by the provisions of said deed of trust of the time, place and terms and conditions of said sale that said property at said sale was bid in by the plaintiff, S. J. Hott, that said sale and the purchase by the plaintiff was in all things regular and strictly in accordance with and in compliance to the terms of the deed of trust herein referred to and under which sale was made.

Plaintiff alleges that by reason of the irregularity mentioned in connection with the sale of said property by the substitute trustee causes a cloud upon the title to plaintiff's property above described and this suit is brought for the purpose of removing the cloud from the title to said property.

Wherefore plaintiff prays that the defendants be cited in terms of the law to appear in answer to this petition and that, upon hearing, he have judgment removing any and all clouds from plaintiff's title to the above described land, for costs of suit, such other and further relief, general and special in law and in equity that he may show himself justly entitled.

Second Count

Plaintiff further represents to the court that on or about the 5th day of July, A. D. 1932, he was lawfully seized and possessed of the following described land and premises situated in Randall County, Texas, holding the same in fee simple by virtue of the chain of title presented in the first count of this petition, that the land and premises, known and described as Lots No. 2 and No. 5, Block No. 90 of the Mrs. M. D. Oliver-Eagle Addition to the City of Amarillo, Texas, said land being located in Randall County, Texas.

That on the day and year last aforesaid the defendant, W. H. Neely, his unknown heirs, his and their heirs and legal representatives, H. W. Neely, his unknown heirs, his and their heirs and legal representatives unlawfully entered upon said premises and ejected plaintiff therefrom and unlawfully with-hold from him the title and possession of and to his damages, \$1,000, wherefore plaintiff prays judgment of the court that the defendants and each of them be cited to appear in answer to this petition that he have judgment for title and possession to the aforesaid land and premises above described and that a writ of restitution be issued for damages and costs of suit for such other and further relief, special and general, in law and in equity, that he may be justly entitled.

Third Count

And plaintiff further represents to the court that, if he be mistaken in counts one and two above, that he pleads as follows:

That on or about the 5th day of February, A. D. 1931, the defendant, W. H. Neely, made, executed and delivered to the Panhandle Improvement Company, one promissory vendor's lien note in the sum of \$900 due on or before six months after date bearing interest from date at the rate of 10% per

annum until paid with all past due principal and interest to bear interest at the rate of 10% per annum until paid, said note executed by W. H. Neely and payable to the order of the Panhandle Improvement Company.

That said note proves for the usual 10% attorney fees on the amount of principal and interest then due in the event suit is brought on said note or same is placed in the hands of an attorney for collection whereby the defendant, W. H. Neely, became bound and liable to pay and promised to pay to the Panhandle Improvement Co. the said sum of money together with interest and attorney fees therein specified. Said note was given as a part of the purchase money for Lots Nos. 2 and 5 in Block No. 90 of the Mrs. M. D. Oliver-Eagle Addition to Amarillo, in Randall Co., Texas, which the Panhandle Improvement Co. deeded to W. H. Neely on Feb. 5th, 1931 which deed is recorded in Vol. 63, Page 501 of the Deed Records of Randall County, Texas, in which it retained a vendor's Lien to secure the payment of said note. Plaintiff purchased said note in due course of trade before maturity, and is now the owner and holder of said note and lien. That on July 31st, 1931 the defendant W. H. Neely renewed said note and lien by the execution of two notes one for \$943.75, and one for \$56.25, each due on or before one year after date, bearing interest at 10% from date until maturity, and providing for 10% attorneys fees, and as additional security executed a deed of trust in favor of plaintiff on said property to secure the payment of said notes; which said deed of trust is recorded in Vol. 22, page 202 of the deed of trust records of Randall County, Texas. That said notes are long past due and unpaid and defendants have refused to pay same or any part thereof to plaintiff's damages in the amount of principal, interest and attorney's fees. That plaintiff is the owner and holder of said notes and has placed them in the hands of W. J. Fleisher an attorney for collection and has contracted to pay him the 10% attorney's fees specified therein.

Plaintiff prays for citation by publication as the address and residence of all Defendants are unknown, for his debt, interest and attorney fees and cost of suit and for foreclosure of his lien and for sale of the property above described according to law and for general and special relief in law and in equity.

Herein fail not but have before said Court, at its next regular term, this writ with your return thereon, showing how you have executed the same.

Given under my hand and seal of said Court, at office in Canyon, Texas, on this 6th day of December, A. D. 1935.

The two men appeared before Justice of the Peace Fred E. Wortham Tuesday and bonds were set for appearance before the grand jury next month. Edward Keel was charged on two counts, first, assault with intent to murder, and second for driving while intoxicated. The bond in the first instance is \$5,000 and the other is \$1,500. He is being held in jail, not having been able to make bond.

The other man, Hamell Johnson, is held as an accomplice on the intent to murder charge, and made bond for \$1,000.

Keel is a former inmate of the Oklahoma reformatory, while Johnson is under suspended sentence for burglary in Amarillo.

According to the story of Patrolman Long, he arrested the three men north of Canyon. They were so badly intoxicated that he took charge of the car, starting to drive to Canyon. Near Third Avenue the men got possession of his gun, used it as a club, as well as threatening the men who sought to come to his rescue. They also had a whiskey bottle and mechanics hammer with which he was hit over the head. He was taken to an Amarillo hospital for treatment. Long was by himself Sunday, his usual traveling companion officer having left on his vacation Friday.

The commissioners will meet Tuesday to pass upon the bonds of the new officers, and pass upon such other business as will be necessary to check out the old officials and to check in the new ones.

Farm Census Starts On January 2nd

Two Men Appointed For Census Work In County

C. C. Gibson announced Monday the appointment of Leigh D. Bull and John E. Hunter as farm census enumerators for Randall county. It is not revealed whether others will be appointed to assist in this work.

The actual work of taking the census is scheduled to begin January 2, 1935.

William L. Austin, Director, Bureau of the Census, urges all farmers and ranchers who have not received a sample copy of the schedule to procure one at the earliest possible moment so that they may give careful study to the questions and be prepared to give full and accurate information when the enumerator calls. Copies may be obtained by writing to your district supervisor.

The schedule is divided into eight basic sections comprised of one hundred questions covering practically every phase of the agricultural industry. Of course, every farmer will not have to answer all these questions, only those pertaining to his particular lines of activity. The questions will cover the calendar year 1934.

The enumerators will make inquiry as to farm tenure; farm acreage, which includes all crop land, all pasture land and all farm woodland; the total value of the farm; acreage and yield of each of the principal field crops and vegetables, the number of trees and yield of the principal fruits and nuts; number and value of each class of livestock; poultry and eggs; and farm population.

Director Austin has declared that this is the most significant farm enumeration since the inception of agricultural statistics in 1840, and he earnestly requests the co-operation of all farmers and ranchers to the end that complete and accurate statistics may be procured and tabulated at the earliest possible moment. The unprecedented destruction of crops and livestock caused by the drought and the many changes which have occurred in farms and ranches and in the utilization of land due to the depression of the past few years make it imperative that the farm statistics be available as soon as possible, if agriculture is to be assisted in going forward with other industries.

The Director desires to call attention to the Section of the Fifteenth Census Act, approved June 18, 1929, which makes it unlawful

for any person to refuse to answer questions on the Census schedule.

"Sec. 9. That it shall be the duty of all persons over eighteen years of age when requested by the Director of the Census, or by any supervisor, enumerator, or special agent, or other employee of the Census office, acting under the instructions of the said director, to answer correctly, to the best of their knowledge, all questions on the census schedule applying to themselves and to the families to which they belong or are related, and to the farm or farms of which they or their families are the occupants; and any person over eighteen years of age who, under the conditions hereinbefore stated, shall refuse or willfully neglect to answer any of these questions, shall be guilty of a misdemeanor, and upon conviction thereof shall be fined not exceeding \$100 or be imprisoned not exceeding sixty days, or both, and any such person who shall willfully give answers that are false shall be fined not exceeding \$500 or be imprisoned not exceeding one year, or both. * * *

THE GREAT AMERICAN HOME**30 Inches of Rain Short During The Past Five Years**

Randall county has had a 30-inch deficit of rainfall during the past five years, according to the weather report of County Agent W. H. Upchurch which he included in his report of work for the past year in Randall county.

For the ten year period, 1920 to 1929, inclusive, there was an average rainfall in Canyon of 23.89 inches.

For the five year period, 1930 to 1934, inclusive, the average rainfall has amounted to 14.96 inches.

For the 15 year period the average has been 20.92 inches which establishes a deficiency of 6 inches annually during the past five years.

The accumulated deficiency of moisture during the past five years will call for an excess of moisture during the coming years if the average of the past is to be maintained. As a result of this deficiency, the subsoil has become drier each year.

Those who study rainfall charts declare that the average over a long period of years is usually maintained, which should indicate that when rain does start to fall this section will have an abnormally large amount of moisture for several years. Whether or not this will start in 1935, no one is willing to guess, although it is time for such an increase in moisture to start.

Forty-Fourth Xmas Day Spent Here by Mrs. John Knight

Mr. and Mrs. John Knight spent their 44th Christmas day in Canyon, Tuesday. Mr. Knight recalled incidents of the past, as he thought over the happenings since he came to Canyon.

R. E. Baird, W. F. Heller, C. L. Gordon-Cummings, I. C. Jenkins, and J. W. Turner are among those now living who were here and working as cow punchers on the T-Anchor when Mr. Knight came to Canyon.

In 1890, Canyon had one store, combined with the postoffice, which was operated by S. E. Roberts, brother of Mrs. Knight; the Nevil Hotel, T-Anchor Saloon; the livery stable; L. G. Conner's land office; while Mr. Knight had a wood and iron repair shop which he operated when not engaged in hunting ducks or antelopes. His principal business was making bits and spurs for the T-Anchor, shoeing horses for the cowboys, and mules for the stage coaches, repairing wagons for the freighters and ranchers.

Mrs. Knight came in 1890 to visit her brother, S. E. Roberts, and she and Mr. Knight were married in March, 1897. They hold the record as a married couple, having lived here continuously since that time. They deeded Dreamland Cemetery to the county on the day they were married.

None of their three daughters were able to come home for Christmas this year, so Mr. Knight mailed an invitation to his wife to join him at a down town turkey dinner, which they enjoyed together.

"Many things have happened in Randall county during the past 44 years," stated Mr. Knight as he recalled the stirring events of those early days.
